South Florida Bible College
& Theological Seminary

PROGRAM OVERVIEW

The master's degree in business administration at South Florida Bible College & Theological Seminary enhances a broad range of well sought-after skills that can give job applicants an edge in the marketplace. Students engage in cross-discipline work through select courses that focus on business administration from a global perspective. Students take classes including accounting, economics, finance, management, marketing, information systems, strategic planning, and more.

South Florida Bible College & Theological Seminary prepares future business leaders and executives utilizing teaching methods that combine lecture-discussion, case studies, research, and practical projects. Program graduates will come away with the necessary tools required to develop leaders, manage operations, and grow organizations. The program is taught from a biblical lens, which approaches business principles from a Christian worldview.

Students enter our programs from varying countries around the world, which provides for an enriching classroom environment that places emphasis on global business skills and practices. Students will gain a rewarding experience throughout the business administration program.

Many working professionals want to get started on an MBA degree, but lack the time to study for entrance exams like the GRE or GMAT. Our program does not require an entrance exam to get started and can be completed at varying paces. Talk with an enrollment advisor today to get started.
